Hi Jim-

I think if you provide them our comments, that may change some of their sampling plans? Right now I'm not sure if additional comments will be necessary until they receive our 11/2/15 comments. Thanks.

Eva

Eva, no Lampros did not receive your comments from 11/2/15. We have discussed the plan for the site in a meeting but not much progress.

I did not approve their new sampling procedure for the November sampling. They are still struggling with the concept of a SCE. I will try to make it more clear soon.

If you need more information, please give me a call.

*Thank You*

Hi Jim-

Did Lampros receive our comments from 11/2/15? I realize this might have been too late for the 11/15/15 sampling, but their proposed revisions for future sampling don't seem to be addressing our comments. Thanks.

Eva

Eva, attached is a sampling report for 2441 Lampros Steel.

Please let me know if you will comment and your schedule.  
Happy Holidays

*Thank You*

Hello Jim,

The attached letter provides you with the results from the November 2015 stormwater sampling completed at Lampros Properties located at 9040 North Burgard Way. These results are being provided to you in accordance with the September 8, 2015 Draft Stormwater Source Control Evaluation Report. The attached letter also documents the observed flow of surface water onto the Site from properties to the south and west of the Site. Lampros Properties is undertaking steps based on observed and photographed surface drainage onto the site.

Hard copies of this letter (one bound and one unbound copy) are coming to you via regular mail.

Please let me know if you have any questions.

Thank you,

Scott
